

10 April 2002

Mr David Telfer
Managing Director
Anti Bio Technologies Ltd
Ashmore Commercial Centre
Suite 29/207 Currumburra Road
ASHMORE CITY
QLD 4214

Dear David

Following the placement of an Anti Bio water treatment system as part of the water quality maintenance programs for the swimming pools within our complex, some 10 months ago, I am most happy to confirm to you that the perceived quality of our pool water has improved significantly, and additionally, we find that we are using less pool chemicals to maintain pool quality.

I would be more than happy for you to use our experience as a reference for what has proven to be an excellent addition to our maintenance programs.

Yours Sincerely

A handwritten signature in blue ink that reads "John Downes".
