Mr Tim Briglia,
Anti Bio Technologies Pty Ltd
PO Box 600
ASHMORE Qld 4214

Dear Tim,

I am writing on behalf of the Aspley State School Amateur Swimming Club to express our appreciation for the fabulous results we have seen demonstrated by the Anti Bio system, recently installed in the school swimming pool.

The school's groundsman, Richard Light, is also delighted with the cost saving and time saving benefits we have seen with the system. Our two month trial showed the following results.

- Backwash time has reduced by 50% resulting in a saving of approximately 173,332 litres of water per year.
- Chlorine usage has reduced by 60%
- Alum is no longer used
- The water clarity has improved
- The mustard algae present in the shallow end of the swimming pool has disappeared

Needless to say, we were very happy to purchase the system outright at the end of our trial period.

We look forward to the continuing benefits for the Aspley State School, the Swimming Club and indeed, all those regularly using the swimming pool.

Yours sincerely,

A handwritten signature in blue ink, appearing to read "Cathy Burton".

Cathy Burton
